

CCA COUGAR CHRONICLE

January 14, 2008

FRIDAY LUNCHES-JANUARY

18-Pepe's Tacos
25-Carter's Burgers

KINDERGARTEN KORNER

Happy New Year! Kindergarten has started the year off well. The class has learned the long vowels and is beginning to learn the two vowels, silent "e" rule. I am so proud of the class because they are all catching on with this new phonic concept of learning long vowel sounds.

For Math, Kindergarten is starting to learn fractions. We used cookies to understand whole and half. The students enjoyed getting to eat half the cookie. Also, this week the class will learn time by the half hour.

The continent of study for this week has been Europe. The Kindergarten now knows several facts about the Netherlands. Parents, ask your children to tell you about this special place. You will be surprised at all they know.

The Kindergarten class' Bible lesson for the week was John the Baptist, baptizing Jesus. One child did a wonderful job filling in for Mr. Ross on Wednesday in Chapel. He told the audience the story of Jesus being baptized. He did a wonderful job! Thanks!

FOURTH/FIFTH GRADE FLASH

The fourth and fifth graders would like to welcome three new students to their class from Korea. We are so glad you are here!

Also, the fourth and fifth grade class will be going on a field trip next Thursday, November 17th, to the George Bush Library. Permission slips should be coming home soon, so return those ASAP please. Students will need to wear their Friday Cougar shirts that day. They will also be needing money for lunch and an admission fee. Further details will be forthcoming about that.

100th DAY OF SCHOOL

The 100th Day of School will be falling on Tuesday, February 5th this year. Be watching for further details for this school wide celebration.
