ATTENTION

Be watching the Eagle January 24th for your children's names for the All "A" honor roll.

FOC MEETING

There will be an FOC meeting Tuesday, January 29th, at 3:30 in the parlor.

Childcare will be provided. All children will go to the gym with the extended care. We will have extra sitters there to help watch them.

**Honor Rolls, Birthdays, and Cougars
in Print Version Only**

SCIENCE ACADEMY

The topic for Science Academy the past two weeks was Very Large Numbers. Lea McClaran, Sara and Nathan's mom, was the presenter. They talked about really big numbers like a googol and a googolplex. They looked at a million dots, saw a quintillion pennies, and looked at how large celestial distances are. They also learned to count to ten billion on their fingers. Here are the websites that the presentations came from. As always, please supervise your children as they explore any part of the internet.

FOURTH/FIFTH GRADE FLASH

The Field Trip to the George Bush Library was a success! The students even had their picture made in the "Oval Office". Stop by the office and look at the picture if you get an opportunity.
