27-Early Release 1:00 pm
28-Pepe's Tacos
28-Early Release 1:00 pm

SEPTEMBER BIRTHDAYS

(In print version only)

COUGARS OF THE WEEK

(In print version only)

KINDERGARTEN KORNER

This week the Kindergarteners learned about the life of Joseph during their Bible time. They also added the short vowel Aa to their list of vowels they know. They even painted the letter Aa using their paint box water colors. In Social Studies, they learned about police officers, so parents, make sure you obey the laws including staying within the speed limit!

FOURTH/FIFTH GRADE FLASH

This week and next week the fourth and fifth graders have a visitor...-- ----. Welcome! We hope you enjoy your time at Cornerstone!

After discussing their week, the students determined that their favorite thing they did this week was to learn to average. Mrs. Hartman was very excited about this. She decided that maybe they can average their own grades for the six weeks! Way to go guys!

Also, one student said that he believes they are becoming more Godly people. Paul agrees with him ...

We're free of it (the veil)! All of us! Nothing between us and God, our faces shining with the brightness of His face. And so we are transfigured much like the Messiah, our lives gradually becoming brighter and more beautiful as God enters our lives and we become like Him.
(2 Corinthians 3:18-MSG)

FRIDAY LUNCH

This week students will be having Carter's Burgers for lunch on Friday. Each meal will cost \$3 per person. Meals include your choice of a hamburger (all or nothing) or a cheeseburger (all or nothing) along with chips and a cookie.

EVERY MINUTE OF EVERY DAY ALL TO THE GLORY OF GOD!!

REMINDER

If you are writing checks for the Friday lunches please remember to make your checks payable to the vendor (i.e. Papa Johns, Chicken Express, Pepe's, or Carter's Burgers). Please do NOT make your checks out to the school. Thank you for your help!

SCIENCE ACADEMY

Science Academy officially began Friday, August 24th. The students had a very "eggsciting" time learning the Scientific Method with Mrs. Fritz. They followed the Scientific method in order to determine whether an egg was raw or hardboiled. Yes, this included breaking eggs! Afterwards, students were allowed to eat the eggs that were hard boiled. Mrs. Fritz is not only one of our Science Academy coordinators, she is also a school Mom! Thank you so much, Mrs. Fritz!

FIELD TRIP

The Cornerstone Kids will be taking their first field trip Friday, September 14th. This will be an extension of Science Academy. Kevin LaStrapes, with USDA, will be taking the students on a tour of a chicken farm. Students will need to wear their Cougar shirts and jeans that day. Volunteers will be needed to drive the students to and from the farm. For more information, or to volunteer, please contact Lea McClaran at: SLMCCLARAN@EARTHLINK.NET

CONFESSIONS FOR WINNING KIDS

God is preserving my children from this evil generation forever...
preserving them wherever they go;
preserving them from bad relations,
and preserving them from danger.
(Psalm 12:7)

My children hearken unto God's
Word and me and they dwell safely,
quiet from the fear of evil.
(Proverbs 1:33)

No weapon that is formed against my
children shall prosper. They are far
from oppression. There shall no evil
befall them nor any plague come
near their dwelling, for God has
given His angels special charge over
them to keep, defend, and preserve
them all the days of their lives.
(Isaiah 54:14, 7; Psalm 91:10-11)
